

Pumpkin Day!

Dear Parents,

On _____, we will be celebrating Pumpkin Day! We have been learning about pumpkins and their life cycle this week and will conclude our studies with a learning celebration!

We will not be having a "Halloween" party or be changing into costumes. Halloween can be a controversial holiday and many of our school families choose not to participate in its festivities.

We will be doing many fun math, science, and art activities with our pumpkins. We will be weighing, measuring, rolling, and floating our pumpkins. We will also be doing art projects and other fun activities!

If you have any questions, please feel free to call or write a note. Thank you for your support.

Sincerely,
